UCLA

TRANSFER ADMISSION GUIDE 2022

YOUR GUIDE THROUGH THE UCLA TRANSFER ADMISSION PROCESS
MINORS

Minors allow undergraduate students to focus on a second area of study
This guide serves as a primary resource in determining which courses to complete for major preparation.

Applicants from California community colleges should use this guide in conjunction with [www.assist.org](http://www.assist.org) and [www.admission.ucla.edu/transfer](http://www.admission.ucla.edu/transfer) to determine which specific courses you should be taking at your institution. This guide is not a substitute or replacement for your college counselor, who can advise you about requirements for multiple universities.

- School of Arts & Architecture ............................................................... 22
- Samueli School of Engineering ............................................................... 25
- School of Music ................................................................................... 26
- School of Nursing ................................................................................ 28
- School of Theater, Film & Television ..................................................... 29
- School of Public Affairs ....................................................................... 30
- School of Education and Information Studies ....................................... 31
UCLA is committed to being a transfer-friendly institution. Strong academic preparation and performance make you a more competitive candidate during the admission review process. The average GPA of admitted transfer students is above 3.5, and admitted students have completed most or all major preparatory courses. We give highest priority to applicants from California community colleges and other UC campuses. **UCLA admits students for fall quarter only.**

**WE UTILIZE A COMPREHENSIVE REVIEW PROCESS THAT INCLUDES ACADEMIC & PERSONAL CRITERIA**

**ACADEMIC REQUIREMENTS**

- **✓** Junior-level standing (60 semester/90 quarter UC transferable units completed) by the end of the spring term before you transfer.

- **✓** UC transferable GPA of 3.2 or higher.

- **✓** Completion of major preparation requirements by the end of spring prior to transfer. For more information regarding major preparation requirements, utilize [www.assist.org](http://www.assist.org) and [www.admission.ucla.edu/transfer](http://www.admission.ucla.edu/transfer) for the most current updates.

- Completion of the following by the end of spring prior to transfer:
  - **✓** Two (2) transferable courses in English composition/ critical thinking and writing
  - **✓** One (1) transferable math course with a prerequisite of intermediate algebra or higher
  - **✓** Four (4) transferable college courses in at least two of the following subject areas: arts and humanities, social and behavioral sciences, physical and biological sciences

**PERSONAL CRITERIA**

- Employment while attending school
- Involvement in campus organizations and community service
- Family responsibilities
- Significant improvement in academics over time
- Military service
- Other opportunities or challenges that may have shaped your educational experiences
APPLYING TO UCLA
In the application, we look for intellectual curiosity and an interest in personal development. UCLA is a dynamic place due to our creative, ambitious, and diverse student body. We anticipate that the applicants we admit will continually contribute to the intellectual vitality, cultural life, and diversity of UCLA.

WHERE TO APPLY
The UC Application can be completed online at https://apply.universityofcalifornia.edu

PERSONAL INSIGHT QUESTIONS

The UC Application asks all transfer applicants to answer one required question, and three out of seven additional questions. The Personal Insight Questions offer us an opportunity to learn more about you and to understand the experiences, accomplishments, and points of view you would bring to UCLA’s undergraduate student community.

- Each response is limited to a maximum of 350 words.
- Choose to respond to the three questions that are most relevant to your experience and that best reflect your individual circumstance.
- All questions are given equal consideration in the application review process. There is no advantage or disadvantage to choosing certain questions over others.

REQUIRED TRANSFER APPLICANT QUESTION
Please describe how you have prepared for your intended major, including your readiness to succeed in your upper-division courses once you enroll at the university.

ADDITIONAL QUESTIONS
1. Describe an example of your leadership experience in which you have positively influenced others, helped resolve disputes, or contributed to group efforts over time.

2. Every person has a creative side, and it can be expressed in many ways: problem solving, original and innovative thinking, and artistically, to name a few. Describe how you express your creative side.

3. What would you say is your greatest talent or skill? How have you developed and demonstrated that talent over time?

4. Describe how you have taken advantage of a significant educational opportunity or worked to overcome an educational barrier you have faced.

5. Describe the most significant challenge you have faced and the steps you have taken to overcome this challenge. How has this challenge affected your academic achievement?

6. What have you done to make your school or your community a better place?

7. Beyond what has already been shared in your application, what do you believe makes you stand out as a strong candidate for admissions to the University of California?

Special Instructions for Veterans
UCLA is interested in learning about your military service and how it may have shaped your educational path. You may choose to discuss your military experience in your personal insight question responses or any other relevant section.

UCLA TRANSFER ADMISSION GUIDE 6
tips for becoming a strong applicant

- Finish the 7-course pattern (pg. 4) and major prerequisites as early as possible. Complete the math and at least one of the English composition courses by the end of fall term prior to transfer.

- Complete all major prerequisites as early as possible (i.e. by the end of fall term prior to transfer) for highly selective majors, such as Business Economics, Economics, and Psychology.

- Avoid being deficient in units and/or requirements by checking for transferable coursework, limitations, duplications, and other restrictions.*

- Complete the correct calculus sequence, if required for your major*

- Report all courses on the application exactly as they appear on your transcript. Do not omit any nontransferable coursework, withdrawals or other institutions previously attended.

- Provide an accurate email address in the application and check it regularly, including spam, to avoid missing any important communications.

- Report your high school’s language of instruction.

- Submit a Transfer Academic Update (TAU) in January reporting your final grades for the most recent fall term and the planned schedule for winter/spring. Even if you are not taking winter/spring courses, you MUST submit a TAU. We cannot review the application if a TAU is not submitted by January 31st. Additional TAUs can be submitted until the end of March.

- Explain any gaps in education.

- Withdrawals, incomplete grades, and academic renewals are not necessarily viewed negatively. We ask students to take time to address these in the application so that we have a clear understanding of their academic progress.

*California community college students can refer to www.assist.org. Others can refer to the UCLA course descriptions, catalog, or academic department website, in addition to www.transferology.com.
Look inward to gauge your interests, academic strengths and personal goals. But don’t stop there. UCLA provides the rare opportunity to explore all the new subject areas and learning experiences only a research university in an innovative global city can offer.

INTERESTED IN THE WAYS THINGS WORK?
If you have a talent for numbers or you like to take things apart — with your hands or in your imagination — you may find your major in the PHYSICAL SCIENCES like Chemistry, Data Theory, Engineering Geology or Environmental Science.

Sharpen your skills
The physical sciences are known for rigorous measurement and testing of hypotheses and theories. Students learn to handle big data as easily as lab equipment.

LOVER OF THE ARTS, LITERATURE AND CULTURE?
Perhaps your passion is theater or painting. Or maybe you are thrilled by literature or language as a reader or a writer. You may find your major in Music, the Arts, English, European and Transcultural Languages or Linguistics.

Sharpen your skills
Performing and visual arts majors get a liberal arts background as well as specialized skills. Humanities majors hone their writing and research skills. Digital humanities adds new dimensions such as mapping the urban history of a city space.

FASCINATED BY LIFE, FROM A SINGLE CELL TO THE HUMAN BODY?
If you like to explore the secrets of living organisms or you think you might have a talent for healing, you may find your calling in the LIFE SCIENCES like Anthropology BS, Neuroscience, Molecular, Cell & Developmental Biology, or Physiological Science.

Sharpen your skills
All life science majors learn critical thinking, analytical skills, research strategies and laboratory skills. Depending on your major and course choices, you may develop ease in data mapping or acquire specific clinical skills. Life sciences majors find jobs in research labs, biotech, genetic counseling or pharmaceuticals. Many go on to graduate study in neuroscience, medicine, dentistry and other related professions.

INTRIGUED BY PEOPLE AND THE INSTITUTIONS THEY CREATE?
Perhaps you have a flair for business or politics. Or maybe you like understanding how institutions work — and why they don’t. You may find your focus in the SOCIAL SCIENCES like Asian American Studies, Geography, Sociology, or Public Affairs.

Sharpen your skills
Social science majors learn research and writing skills, creative thinking and problem solving. Some areas — notably economics — stress quantitative skills as well. Social science majors bring their skills to business, consulting and government. Some students pursue professional degrees in law, public policy or management.

DO YOU NEED A SPECIFIC MAJOR FOR YOUR CAREER OR GRAD SCHOOL?
If you think your undergraduate major will determine your future career, think again! Most undergraduate majors are broad and theoretical, providing you with marketable skills in critical thinking, writing, problem solving, and communication that are valued by employers in every field. Keep in mind, Medical Schools, Law Schools, and Business Schools admit students from a wide variety of undergraduate majors. These schools usually have other requirements, entrance exams, and/or interviews that you can prepare for regardless of your undergraduate major.
Some majors at UCLA are significantly more selective than others, but there are multiple pathways to achieving your academic goals. Explore different major options and consider supplementing your academic experience with a minor. Note: Minors can be declared once students enroll at UCLA. Data is based on a three year average, 2019–2021.

*The demand for the major significantly exceeds the space available. This list does not include all highly selective majors. Majors within our specialty schools are considered highly selective and some require supplemental applications and/or auditions/interviews. For a complete list of majors and admission information, visit the Admitted Transfer Student Profile at: https://admission.ucla.edu/apply/transfer/transfer-profile
You should complete as many major preparatory courses as possible prior to transferring based on the availability of the courses at your current school and/or local schools. We recommend you to first complete the required major preparatory courses and then focus on the strongly/additional recommended courses.

There may be additional lower division requirements that students can complete at their current institutions or at UCLA. Should a major not have specific prerequisites, we expect students to demonstrate academic interest by completing courses related to the major.

MORE INFO

For more information about each major in the UCLA College please visit:
https://admission.ucla.edu/apply
AFRICAN AMERICAN STUDIES
One African American Studies course
One civilizations of Africa course

If your school does NOT offer an approved course, you must still complete one transferable course related to African American Studies to be considered for this major. Courses in history, psychology, sociology, literature, etc. related to African American studies are sufficient for admissions purposes.

AFRICAN AND MIDDLE EASTERN STUDIES
Two years of Arabic, Armenian, Hebrew, Persian, Turkish or African language
Five courses from:
  • Art History
  • Contemporary culture
  • History (post-1750) of Africa or the Middle East
  • Sociocultural anthropology
  • Contemporary world history
  • Cultural geography
  • World literature
  • Comparative politics
  • Microeconomics
  • Economic geography
  • Introductory sociology

Required by end of spring before transfer:
  • One year of college level language for the major or at least one year of high school in which the primary language of instruction was Arabic, Armenian, Hebrew, Persian, Turkish or an African language. Completion of intermediate/advanced foreign language is strongly preferred.
  • At least two of the preparatory courses listed above

AMERICAN LITERATURE & CULTURE
One course in English composition (expository writing)
One course in critical reading and writing (composition and literature)
One course in Introduction to American Cultures
One course in Topics in American Cultures
Two years of one foreign language or a combination of courses in foreign language and foreign literature

ANCIENT NEAR EAST AND EGYPTOLOGY
One civilization course on Mesopotamia, Egypt, Near Eastern archaeology, or Middle Eastern cultures

NOTE: If these courses are not available, applicants must demonstrate sincere interest in the major.

ANTHROPOLOGY (B.A.)
One course in human evolution
One course in archaeology
One course in sociocultural anthropology
One course in culture and communication

ANTHROPOLOGY (B.S.)
One course in human evolution
One course in archaeology
One course in sociocultural anthropology
One course in culture and communication
One course in statistics
One year of general biology with lab for the major
One year of calculus
One year of general chemistry with lab
One year calculus-based physics with lab
One lower division course in organic chemistry

Required by end of spring before transfer:
  • A minimum of six preparatory courses.

NOTE: You must be admitted directly to this major. You will not be able to change into this major after admission to UCLA.

AMERICAN INDIAN STUDIES
One introductory course in American Indian Studies
Two courses from the following:
  • Sociocultural anthropology
  • American politics
  • Statistics
  • Introduction to gender studies
**ART HISTORY**

Four courses from the following:

- Ancient art
- Renaissance and Baroque art
- Museum Studies
- Indian/Southeast Asian art
- Pre-Columbian art
- Medieval art
- Modern art
- African art
- Chinese art
- Japanese art

**ASIAN AMERICAN STUDIES**

One lower division Asian American Studies course or one course that focuses on Asian Americans.

**ASIAN LANGUAGES & CULTURES**

**ASIAN HUMANITIES**

Two years of Chinese, Japanese, Korean, Filipino/Tagalog, Hindi, Indonesian, Thai, or Vietnamese

One course from the following:

- Asian civilization
- Introduction to Buddhism
- Introduction to Asian religions

**ASIAN RELIGIONS**

Two years of Chinese, Japanese, Korean, Filipino/Tagalog, Hindi, Indonesian, Thai, or Vietnamese or one year of Sanskrit

One course in introduction to Buddhism or introduction to Asian religions

**CHINESE • JAPANESE • KOREAN**

Two years of the selected language

One accompanying civilization course

Required by end of spring before transfer:

- One year of a college level Asian language OR at least one year of high school in which the primary language of instruction was an Asian language. Completion of two years of college level foreign language is strongly preferred.

**ASIAN LANGUAGES AND LINGUISTICS**

Two years of Chinese, Japanese, Korean, Filipino/Tagalog, Hindi, Indonesian, Thai or Vietnamese

One civilization course on Asia or one introduction to Asian religions course

One introduction to linguistic analysis course

Required by end of spring before transfer:

- One year of a college level Asian language OR at least one year of high school in which the primary language of instruction was an Asian language. Completion of two years of college level foreign language is strongly preferred.

**ASIAN STUDIES**

Two years of an Asian language (e.g. Chinese, Japanese, Korean, Tagalog, Vietnamese, Hindi/Urdu, etc.)

Five courses from the following:

- Chinese art
- Asian Religions
- Sociocultural anthropology
- Contemporary world history
- Comparative politics
- Macroeconomics
- Introductory sociology
- Asian Civilization (Chinese, Korean, or Japanese)
- Indian/Southeast Asian art
- History of Asia (post-1750)
- Cultural geography
- World literature
- Economic geography
- Microeconomics

Required by end of spring before transfer:

- One year of a college level Asian language OR at least one year of high school in which the primary language of instruction was an Asian language. Completion of two years of college level foreign language is strongly preferred.
- At least two of the preparatory courses listed above (in addition to foreign language)
**ASTROPHYSICS**
One and a half years of calculus through multivariable
Linear algebra
Differential equations
One and a half years of calculus-based physics
   (mechanics, electricity, magnetism, electrodynamics, optics, and special relativity)
Two courses in astrophysics (stars, nebulae, stellar evolution, galaxies, and cosmology)
One course in computer programming
One course in general chemistry

Required by end of spring before transfer:
- One and a half years of calculus through multivariable
- One year of calculus-based physics (mechanics, electricity, and magnetism)
- Linear algebra

NOTE: It is strongly recommended that the remainder of major prep be completed prior to transfer.

**BIOCHEMISTRY**
One year of calculus
One year of general chemistry with lab
One year of biology with lab for the major
   (cellular, molecular, genetic)
One year of organic chemistry with lab
One year of calculus-based physics
Multivariable calculus
Linear algebra

Required by end of spring before transfer:
- One year of calculus
- One year of general chemistry with lab
- One year of biology with lab for the major
- One year of organic chemistry with lab

NOTE: It is strongly recommended that the remaining major prep be completed prior to transfer.

**ATMOSPHERIC AND OCEANIC SCIENCES**
One year of calculus
One year of calculus-based physics
One year of general chemistry with laboratory
One course in C++ programming or Matlab for Geoscientists
Climate Science
Introduction to Undergraduate Research in Atmospheric and Oceanic Sciences

**ATMOSPHERIC AND OCEANIC SCIENCES/MATHEMATICS**
One and half years of calculus through multivariable
Linear Algebra
Differential Equations
One year of calculus-based Physics
One C++ programming course or Matlab for Geoscientists
Climate Science
Introduction in Undergraduate Research in Atmospheric and Oceanic Sciences

**BIOLOGY**
See Life Sciences.

**BIOPHYSICS**
One and a half years of calculus through multivariable
Linear algebra
Differential equations
One and a half years of calculus-based physics
   (mechanics, electricity, magnetism, etc.)
One year of general chemistry
One course in biology with lab for the major
   (cellular, molecular)

Required by the end of spring before transfer:
- One and a half years of calculus through multivariable
- One year of calculus-based physics (mechanics, electricity, and magnetism)
- Linear algebra

NOTE: It is strongly recommended that the remainder of major prep be completed prior to transfer.
BUSINESS ECONOMICS
One course in microeconomics
One course in macroeconomics
One year of calculus
(from the math/physical science sequence)
One course in introduction to financial accounting
One course in introduction to managerial accounting
One advanced course in English composition

Students are STRONGLY ENCOURAGED to complete all preparatory courses by the end of fall prior to transfer.

NOTE: You must be admitted directly to this major. You will not be able to change into this major after admission to UCLA.

CENTRAL & EAST EUROPEAN LANGUAGES & CULTURES
One course in introduction to Central, Eastern Europe and Slavic civilization.

NOTE: If course is not available, applicants must demonstrate sincere interest in the major.

CHEMISTRY MAJORS
CHEMISTRY • CHEMISTRY-MATERIALS SCIENCE

ALL MAJORS:
One and a half years of calculus through multivariable
One course in Linear Algebra
One year of general chemistry with lab
One course in organic chemistry with lab
One course in calculus-based physics with lab

Additional recommended courses prior to transfer:
CHEMISTRY:
• A second semester of calculus-based physics with lab
• A second semester of organic chemistry with lab
CHEMISTRY-MATERIALS SCIENCE:
• Two additional semesters of calculus-based physics with lab

Required by end of spring before transfer:
• One and a half years of calculus through multivariable
• One year of general chemistry with lab
• One course in organic chemistry with lab
• One course in calculus-based physics with lab
• One course in Linear Algebra

CHICANA & CHICANO STUDIES
One course in introduction to Chicana/Chicano history and culture
One course in introduction to Chicana/Chicano social structure and contemporary conditions
Two years of college level Spanish

Required by end of spring before transfer:
• One year of college level Spanish OR at least one year of high school in which the primary language of instruction was Spanish.

CLASSICAL CIVILIZATION
One year of Greek or Latin
One course in classical Greek culture
One course in Roman civilization
Two courses from the following:
• Classical mythology
• Classical archaeology
• Greek or Latin literature in translation

NOTE: If these courses are not available, applicants must demonstrate sincere interest in the major.

CLIMATE SCIENCE
One year of calculus
One year of calculus-based physics
One general chemistry course with laboratory
One course in programming (Matlab or Python)
One introductory statistics course
COGNITIVE SCIENCE
One year of calculus
One course in introductory psychology
One course in introductory biology or biology for the major
One course in introductory physics or chemistry
One course in philosophy (critical reasoning, philosophy of science, or philosophy of the mind)
One course in introduction to C++ programming
One course in intermediate C++ programming
One additional computer programming course

Required by end of spring before transfer:
• A minimum of five preparatory courses must be completed

COMMUNICATION
One course in introduction to mass and interpersonal communication
One course in principles of public speaking
One course in introduction to linguistics, meaning of communication, or culture in communication
One statistics course
Three courses from the following four areas:
• Introductory psychology
• Introduction to American government/politics
• Introductory sociology
• Microeconomics or intro to political economy

THIS MAJOR IS HIGHLY SELECTIVE; A minimum UC-transferable cumulative GPA of 3.70 is required.

Required by end of fall before transfer:
• A minimum of four major prep courses by the fall term prior to admission, and all courses must be taken for a letter grade.

NOTE: If two courses are listed in ASSIST as equivalents of Comm 10, then BOTH courses must be completed in order to satisfy this major requirement.

COMPARATIVE LITERATURE
One course in English composition (expository writing)
One course in critical reading and writing (composition and literature)
Two survey courses in world or English literature

Students must demonstrate one year of proficiency in a foreign language. Completion of two years of a foreign language is highly recommended.

COMPUTATIONAL AND SYSTEMS BIOLOGY
One year of general chemistry with lab
One and a half years of calculus through multivariable
Linear algebra
Differential equations
One and a half years of calculus-based physics (mechanics, electricity, magnetism, etc.)
One year of biology with laboratory for majors
One intro course in computer science or computer programming
One Statistics course (equivalent to UCLA’s Stats 10 or Life Sciences 40)

DATA THEORY
One and a half years of calculus through multivariable
Linear algebra or differential equations
One introductory course in statistics

Additional recommended courses prior to transfer:
• Complete the full calculus series (encompassing single variable, multivariable, linear algebra, and differential equations)
• One introductory course in C++

EARTH & ENVIRONMENTAL SCIENCE (B.A.)
One introductory course in Earth science
One year of general chemistry with lab
One calculus course

Additional recommended courses prior to transfer:
• One course in biology with lab for the major (evolution)
• One course in calculus-based physics with lab (mechanics)

Remaining major preparatory courses may be completed at UCLA after transfer.
ECONOMICS
One course in microeconomics
One course in macroeconomics
One year of calculus (from math/physical science sequence)
One advanced course in English composition

Students are STRONGLY ENCOURAGED to complete all preparatory courses by the end of fall prior to transfer.

NOTE: You must be admitted directly to this major. You will not be able to change into this major after admission to UCLA.

ENGINEERING GEOLOGY
One introductory course in Earth science
One year of general chemistry with lab
One year of calculus

Additional recommended coursework prior to transfer
• A second year of calculus

Remaining major preparatory coursework may be completed at UCLA after transfer.

ENGLISH
One course in English composition (expository writing)
One course in critical reading and writing
(composition and literature)
One year survey of literature in English
• British lit to 1850
• Either British lit from 1850 or survey of American lit

Two years of one foreign language or a combination of courses in foreign language and foreign literature in translation.

ENVIRONMENTAL SCIENCE
One course in statistics
One course in introduction to environmental science or introduction to earth science
One year of calculus
One year of general chemistry with lab
One year of general biology with lab for the major (evolution, cellular)
One year of calculus-based physics (mechanics, electricity, and magnetism)

Two additional courses from the following (depending on your concentration):
• One semester of organic chemistry
• Third semester of calculus
• Third semester of calculus-based physics
• General biology with lab for the major (molecular)

EUROPEAN LANGUAGES AND TRANSCULTURAL STUDIES
French and Francophone
Italian
German
Scandinavian

European and Transcultural Language BA
• At least one year of college level coursework in a declared language OR at least one year of high school in which the primary language of instruction was the declared language. Completion of two years of college level foreign language is strongly preferred/recommended.

NOTE: Effective for fall 2023 and thereafter, two years of college level in a declared language or at least one year of high school in which the primary language of instruction is the declared language and one course in European literature, culture, film or media will be required.

EUROPEAN STUDIES
Two years of a modern European language other than English

Five courses from the following:
• History of Europe (post-1750)
• French Literature
• Russian Film
• Russian Literature
• Cultural geography
• World literature
• Macroeconomics
• Economic geography
• Microeconomics

Required by end of spring before transfer:
• One year of college level modern European language OR at least one year of high school in which the primary language of instruction was a modern European language. Completion of intermediate/advanced foreign language is strongly preferred.
• At least two of the preparatory courses listed above

GENDER STUDIES
One multidisciplinary gender studies course

If your school does NOT offer an approved course, you must still complete one transferable course related to gender/women to be considered for this major. Courses in history, psychology, sociology, literature, anthropology, etc. related to women/gender are sufficient for admissions purposes.

GEOGRAPHY
One physical or biogeography course
One cultural, economic or world regions geography course
One statistics course
**GEOGRAPHY/ENVIRONMENTAL STUDIES**
One course in physical geography or biogeography
One course in cultural, economic, or world regions geography
One course in people and ecosystems
One statistics course

**GEOLOGY**
One introductory course in Earth science
One year of general chemistry with lab
One year of calculus

**GEOPHYSICS**
One introductory course in Earth science
One year of calculus
One semester of calculus-based physics with lab
Additional recommended courses prior to transfer:
  - Second year of calculus
  - Second semester of calculus-based physics with lab.

**GLOBAL STUDIES (continued)**
Required by end of spring before transfer:
  • A minimum of six preparatory courses must be completed. No more than two semesters of foreign language may be used toward the minimum six major preparatory courses for admission.

If admitted, students must complete all remaining preparatory courses (including Global Studies 1) with a B grade or better in their first quarter at UCLA. Students must also submit a supplemental application to the department that fall quarter. Students are strongly encouraged to complete at least one year of language prior to matriculation.

**HISTORY**
Two semester or three quarter courses from histories of:
  - United States
  - Europe
  - Africa
  - Asia
  - Latin America
  - Near East
  - Science and Technology

NOTE: Completion of at least three courses is strongly recommended.

**HUMAN BIOLOGY & SOCIETY (B.A.)**
One course in human evolution
One year of biology with lab for the major (evolution, cellular)
One statistics course
One semester of general chemistry
Three courses from the following:
  • Philosophy (contemporary moral issues, political philosophy, philosophy of science, or ethical theory)
  • Introduction to gender studies
  • Sociocultural anthropology
  • Cultural geography
  • Introduction to sociology
  • Intro to Chicana/Chicano Studies (social structure & contemporary conditions)

Required by end of spring before transfer:
  • A minimum of five major preparatory courses must be completed.
INTERNATIONAL DEVELOPMENT STUDIES

One economics course (economic geography, microeconomics, or macroeconomics)

One statistics course

Three courses from the following:
- Sociocultural anthropology
- Cultural or regional geography
- Introduction to globalization
- Introduction to International and Area Studies
- Contemporary history/civilization/culture of a developing region of the world
- Comparative or world politics
- Introduction to sociology
- Introductory gender studies
- Introduction to International Development Studies

Two years of a modern foreign language

Required by end of spring before transfer:
- A minimum of six preparatory courses must be completed and a supplemental application must be submitted during the fall quarter in which you are admitted.

JEWISH STUDIES

One social, cultural, and religious institutions of Judaism course

Students intending to enter the Jewish Religion, Jewish Literature & Culture, or Israeli Studies track:
- One year of Hebrew language

NOTE: If these courses are not available, applicants must demonstrate sincere interest in the major.

LABOR STUDIES

One interdisciplinary labor history course

One social structure and contemporary conditions course related to labor and/or social movements

Two courses from:
- Intro to Black Studies
- Asian American Movement
- Intro to Gender Studies
- Globalization: Regional Development and World Economy

Two years of a modern foreign language

NOTE: If there are no existing, articulated courses, applicants should demonstrate sincere interest in the major and are encouraged to complete IGETC or the general education course pattern.

LANGUAGE MAJORS

<table>
<thead>
<tr>
<th>Language</th>
<th>Major</th>
</tr>
</thead>
<tbody>
<tr>
<td>Arabic</td>
<td>African Languages</td>
</tr>
<tr>
<td>Greek</td>
<td>Greek &amp; Latin</td>
</tr>
<tr>
<td>Iranian Studies</td>
<td>Latin</td>
</tr>
<tr>
<td>Spanish</td>
<td>Spanish &amp; Linguistics</td>
</tr>
<tr>
<td>Spanish &amp; Portuguese</td>
<td></td>
</tr>
<tr>
<td>Portuguese and Brazilian Studies</td>
<td></td>
</tr>
<tr>
<td>Russian Language &amp; Literature</td>
<td></td>
</tr>
</tbody>
</table>

All language majors:

At least one year of courses in the selected language

A second year of courses in the selected language is recommended prior to admission

Additional requirements for each major may be completed after transfer and can be found in the UCLA General Catalog: https://catalog.registrar.ucla.edu

LATIN AMERICAN STUDIES

Two years each of Spanish and Portuguese

(or an indigenous language of Latin America)

Five courses from the following:
- History of Latin America (Colonial)
- History of Latin America (Modern)
- Latin American Cultures
- Sociocultural anthropology
- Contemporary world history
- Comparative politics
- Microeconomics
- Introductory sociology
- Cultural geography
- World literature
- Economic geography
- Macroeconomics

Required by end of spring before transfer:
- One year of college level coursework in the declared language OR at least one year of high school in which the primary language of instruction was the declared language. Completion of two years of college level foreign language is strongly preferred.

LATIN AMERICAN STUDIES

Two years each of Spanish and Portuguese

(or an indigenous language of Latin America)

Five courses from the following:
- History of Latin America (Colonial)
- History of Latin America (Modern)
- Latin American Cultures
- Sociocultural anthropology
- Contemporary world history
- Comparative politics
- Microeconomics
- Introductory sociology
- Cultural geography
- World literature
- Economic geography
- Macroeconomics

Required by end of spring before transfer:
- One year of college level Spanish or Portuguese OR at least one year of high school in which the primary language of instruction was Spanish or Portuguese. Completion of two years of college level foreign language is strongly preferred.
- At least two of the preparatory courses listed above (in addition to foreign language).
**LIFE SCIENCES MAJORS**

- Biology
- Ecology, Behavior, & Evolution
- Human Biology & Society (B.S.)
- Marine Biology
- Microbiology, Immunology, & Molecular Genetics
- Molecular, Cell, & Developmental Biology
- Neuroscience
- Physiological Science
- Psychobiology

**Required by end of spring before transfer:**
- One year of biology with lab for the major
- One year of calculus
- One year of general chemistry with lab
- One semester of organic chemistry with lab

Additional recommended courses prior to transfer:
- A second semester of organic chemistry
- One year of calculus-based physics (mechanics, electricity and magnetism)

**NOTE:** You must be admitted directly into a life science major; you will not be able to change from a non-life science major into a life science major after admission to UCLA.

---

**LINGUISTICS**

- Applied Linguistics
- Linguistics
- Linguistics & Anthropology
- Linguistics & Computer Science
- Linguistics & English

Linguistics & Language Majors:
- Linguistics & Asian Languages & Cultures
- Linguistics & French
- Linguistics & Italian
- Linguistics & Scandinavian Languages
- Linguistics & Spanish

- Linguistics & Philosophy
- Linguistics & Psychology

All linguistics majors:

**One course in introduction to linguistics**

**Two years of one foreign language**

Additional requirements for each major can be found here: [http://linguistics.ucla.edu](http://linguistics.ucla.edu)

**LINGUISTICS (continued)**

**Required by end of spring before transfer:**
- One year of college level coursework in the declared language OR at least one year of high school in which the primary language of instruction was the declared language.

---

**MATHEMATICS MAJORS**

- Mathematics
- Applied Mathematics
- Mathematics of Computation
- Financial Actuarial Mathematics
- Mathematics/Applied Science
- Mathematics/Economics
- Mathematics for Teaching

**Required by end of spring before transfer:**
- One and a half years of calculus through multivariable and either linear algebra or differential equations

Additional recommended courses prior to transfer:
- Complete the full calculus series (single variable, multivariable, linear algebra, and differential equations)
- One introductory course in C++

Additional requirements for the Mathematics majors can be found at [www.math.ucla.edu](http://www.math.ucla.edu)
MIDDLE EASTERN STUDIES
One year of Arabic, Armenian, Hebrew, Persian, Turkish, or another modern Middle Eastern language
Two courses from the following:
• History of the Middle East
• Survey of religious, political and cultural history of Jerusalem
• Survey of great civilizations of ancient Near East
• Origins of Judaism, Christianity, and Islam
• Survey of modern Middle Eastern cultures

Required by end of spring before transfer:
• One year of college level modern Middle Eastern language OR at least one year of high school in which the primary language of instruction was a modern Middle Eastern Language

NORDIC STUDIES
While there are no specific preparation courses required for admission into this major, the department recommends completion of IGETC or the General Education course pattern at your college. For more information regarding major preparation, please visit, www.scandinavian.ucla.edu.

PHILOSOPHY
One introductory course in philosophy of the mind or in skepticism and rationality
One introductory course in ethical theory
One introductory course in symbolic logic
One additional introductory philosophy course
(e.g., contemporary moral issues, Western philosophy, introduction to philosophy, etc.)

PHYSICS (B.A. & B.S.)
One and a half years of calculus through multivariable
Linear algebra
Differential equations
One and a half years of calculus-based physics
(mechanics, electricity, magnetism, etc.)
One year of general chemistry

Required by end of spring before transfer:
• One and a half years of calculus through multivariable
• One year of calculus-based physics (mechanics, electricity, and magnetism)
• Linear Algebra

PHYSICS B.A. & B.S. (continued)
NOTE: It is strongly recommended that the remainder of major prep be completed prior to transfer.

POLITICAL SCIENCE
Four of the following courses:
• Introduction to political theory
• International relations/world politics
• Introduction to American government/politics
• Introduction to comparative politics
• Politics and strategy
• Diversity and disagreement
One course in statistics

Required by end of spring before transfer:
• A minimum of three of the preparatory courses must be completed

NOTE: Only approved statistics courses can satisfy the major requirement. See www.assist.org.
PSYCHOLOGY
One course in introductory psychology
One course in introductory biology or biology for the major
One course in introductory physics or chemistry
One course in philosophy
One quantitative reasoning course in statistics, finite mathematics, calculus, computer science theory, or programming in C++

All preparatory courses listed above must be completed. Students are STRONGLY ENCOURAGED to complete all preparatory courses by the end of fall prior to transfer.

NOTE: You must be admitted directly into this major. You will not be able to change into this major after admission.

RUSSIAN STUDIES
Two years of Russian language
One course in introduction to Russian civilization

Required by end of spring before transfer:
• One year of college level Russian OR at least one year of high school in which the primary language of instruction was Russian. Completion of two years of college level foreign language is strongly preferred.

SOCIOLOGY
One course in introduction to sociology
One course in statistics

SPANISH, COMMUNITY & CULTURE
Two years of Spanish language
One Spanish civilization course
One Spanish American civilization course

Required by end of spring before transfer:
• One year of college level Spanish OR at least one year of high school in which the primary language of instruction was Spanish. Completion of two years of college level foreign language is strongly preferred.

STATISTICS
One introductory course in statistics
One and a half years of calculus through multivariable

NOTE: Only approved statistics courses can satisfy the major requirement (see assist.org articulation agreement by major). If your school does NOT offer an approved course, you must still complete one transferable statistics course to be considered for this major.

STUDY OF RELIGION
One course in introduction to history of religion
One course in introduction to philosophy of religion
Two courses from:
• Introduction to Buddhism
• Sociocultural anthropology
• Western civilization
• Introduction to civilizations of Africa
• History of China, Japan, India, or the Near and Middle East
Applications are considered on the basis of academic achievement as well as departmental screening requirements. California community college students are strongly encouraged to complete IGETC; all other transfer students are encouraged to make progress toward completion of the school’s general education requirements. Art, Architectural Studies, Dance, Design|Media Arts, and World Arts and Cultures will consider sophomore transfer applicants. For more information, please view: www.arts.ucla.edu/apply

Applicants to the school must have a minimum 3.0 GPA at the time of application. In addition to the UC Application, applicants are required to submit supplemental application materials (e.g., portfolio or audition, artist statements, and other materials as requested; additional fees may apply). Specific requirements, procedures, and deadlines are available on each department’s website — see individual major sections below for more information. Applicants should begin working on the department’s supplemental application shortly after submitting the UC Application as deadlines are strictly enforced.

ARCHITECTURAL STUDIES

The focus of the Architectural Studies major is on the built environment. The curriculum conceives of architecture as a cultural, creative, and technical practice and a discipline with direct social impact. Within the context of a liberal arts education, a finely balanced set of architecture and urban design courses ranging from the history and theory of design to contemporary building technologies will provide students with a diverse foundation of knowledge in the field of architecture and prepare them for graduate school and/or careers in a wide range of fields.

Admission to the Architectural Studies major is very competitive. The supplemental application carries significant weight in the evaluation process. While it may be beneficial to complete the courses listed below as recommended preparation, there is no guarantee they will transfer as exact UCLA equivalents. Substitutions for lower division requirements will be determined by the department in the summer following admission. Syllabi or other descriptive course documentation may be required for consideration.

SUGGESTED (NOT REQUIRED) PREPARATION FOR THE MAJOR:*  
Two courses in the history of architecture  
Pre-history—Mannerism and 1600—Present  
One introduction to architectural studies course  
*Most transfer applicants will be required to complete these three preparatory courses at UCLA.

PORTFOLIO AND SUPPLEMENTAL REQUIREMENTS:

In addition to the general UC Application, applicants must submit a supplemental application that includes an artist statement and portfolio of creative work (additional fees may apply).

All students must have a cumulative 3.0 GPA at the time of the application (November 30). Students MUST complete the requisite two English courses and one math course by the end of Spring prior to transfer. Students are encouraged to take their required
English and math courses as early as possible with at least one English course completed by the end of Fall. Completion of IGETC is not required, but strongly recommended. More information may be found at: www.arts.ucla.edu/apply.

Architectural Studies will consider sophomore transfers. For more information about admission criteria for sophomore transfers please visit, www.arts.ucla.edu/apply.

ART
The Department of Art is committed to professional art training within the context of a research university. The department provides students with a broad exposure to the arts and encourages new fields of investigation. Students work in more than one medium and explore mixed media possibilities as well in areas of painting, drawing, sculpture, photography, ceramics, printmaking, new genres, and theory. The intent of the program is to provide the framework, both through coursework and independent study, to assist each student in the development of his or her own body of work.

Admission to the Art major is very competitive. The supplemental application carries significant weight in the evaluation process. While it may be beneficial to complete the courses listed below as recommended preparation, there is no guarantee they will transfer as exact UCLA equivalents. Substitutions for lower division requirements will be determined by the department in the summer following admission. Syllabi or other descriptive course documentation may be required for consideration.

SUGGESTED (NOT REQUIRED) PREPARATION FOR THE MAJOR:
One course in each of the following: drawing; sculpture; painting; photography; ceramics; and new genres (performance art, video art, installation, non-studio work)

Four courses (total) in art history. Three of the four should cover the following art historical periods (one each): 1850s – 1920s, 1920s – 1960s, 1960s – present; at least one of the four should include significant representation of non-European/North American art historical traditions

PORTFOLIO AND SUPPLEMENTAL REQUIREMENTS:
In addition to the general UC Application, applicants must submit a supplemental application that includes additional statements and a portfolio of creative work (additional fees may apply).

All students must have a cumulative 3.0 GPA at the time of the application (November 30). Students MUST complete the requisite two English courses and one math course by the end of Spring prior to transfer. Students are encouraged to take their required English and math courses as early as possible with at least one English course completed by the end of Fall. Completion of IGETC is not required, but strongly recommended. More information may be found at: www.arts.ucla.edu/apply.

Art will consider sophomore transfers. For more information about admission criteria for sophomore transfers please visit www.arts.ucla.edu/apply.

DANCE
The Department of World Arts and Cultures/Dance is at the forefront of innovative, interdisciplinary, and cross-cultural studies of the arts, offering a curriculum in which students can explore the vital relationship of the arts and performance to cultural theory and criticism. The Dance major thoroughly integrates learning to dance, learning to make dances, and critical interrogation of dance as a cultural practice. Students study a variety of techniques from around the world throughout their studies. They enroll in a four-term sequence in dance composition, with additional opportunities to participate in the creation of their own dances, as well as working as dancers in the creation of new works by faculty members and visiting artists. Furthermore, they engage in a core of four courses in the study of scholarly discourse around the body and dance, launching a critical inquiry into their own study of bodily practices, internalization of the embodied experience, and how bodily ideas and embodied experiences are interpreted and communicated outwardly and interpersonally, both locally and globally.

Admission to the Dance major is very competitive. The supplemental application carries significant weight in the evaluation process. While it may be beneficial to complete the recommended courses listed below, there is no guarantee they will transfer as exact UCLA equivalents. Substitutions for lower division requirements will be determined by the department in the summer following admission. Syllabi or other descriptive course documentation may be required for consideration.

SUGGESTED (NOT REQUIRED) PREPARATION FOR THE MAJOR:
One course each in improvisation/choreography, dance history and theory, and coursework focusing on using dance as a medium to connect and engage community.

At least eight courses (approximately 12 semester/20 quarter units) in various dance techniques particularly modern/postmodern dance, Hip-Hop, West African or Ballet.

AUDITION/INTERVIEW & SUPPLEMENTAL REQUIREMENTS:
In addition to the general UC Application, applicants must submit a supplemental application that includes additional statements and an audition (live or video). Successful applicants will have strong academic preparation and show evidence of involvement in the arts and community that demonstrates interest in varied
All students must have a cumulative 3.0 GPA at the time of the application (November 30). Students MUST complete the requisite two English courses and one math course by the end of Spring prior to transfer. Students are encouraged to take their required English and math courses as early as possible with at least one English course completed by the end of Fall. Completion of IGETC is not required, but strongly recommended. More information may be found at: www.arts.ucla.edu/apply.

Design|Media Arts will consider sophomore transfers. For more information about admission criteria for sophomore transfers, please visit www.arts.ucla.edu/apply.

WORLD ARTS AND CULTURES
The B.A. in World Arts and Cultures (WAC) highlights culture and representation as key perspectives for understanding creativity in local and global arenas. Three areas of cross-cultural and interdisciplinary study are available: arts activism, critical ethnographies, and visual cultures. These areas define the department commitment to a range of practices, including ethnography, activism, visual and related expressive arts, documentary and short films, museum and curatorial studies, performance, and other creative perspectives and methods. Students will be able to demonstrate a critical understanding and affirmation of diversity and cultural differences, particularly as articulated within various forms of governance, national and international policy, transnational art and curatorial practices, and museums and heritage sites, and develop informed interpretations not only of the way art functions within communities but also how the links between art and community are created and represented. Students may organize their course of study in relation to particular interests or professional goals (e.g., international comparative studies, intercultural studies, education, area specializations such as Africa, Asia, or Latin America, minority discourse, gender studies).

PREPARATION FOR THE MAJOR:
All preparatory coursework should be completed at UCLA. Substitutions for lower division requirements will be determined by the department in the summer following admission. Syllabi or other descriptive course documentation may be required for consideration.

SUPPLEMENTAL REQUIREMENTS:
In addition to the UC Application, applicants must submit a supplemental application (additional fees may apply). Successful applicants will have strong academic preparation and show evidence of involvement in the arts and community that demonstrates interests in varied cultures.

All students must have a cumulative 3.0 GPA at the time of the application. Students MUST complete the requisite two English courses and one math course by the end of Spring prior to transfer. Students are encouraged to take their required English and math courses as early as possible with at least one English course completed by the end of Fall. Completion of IGETC is not required, but strongly recommended. More information may be found at: www.arts.ucla.edu/apply.
Applicants to the Samueli School of Engineering must have a **minimum 3.4 GPA** at the time of application to be considered for admission and by the time of entrance must have attained junior standing (60 semester/90 quarter units) and **completed preparation for the selected major**. Please note that admission to the Samueli School of Engineering is highly selective.

**MAJOR REQUIREMENTS FOR THE SAMUELI SCHOOL OF ENGINEERING**

The Samueli School of Engineering offers the following undergraduate majors:

- AEROSPACE ENGINEERING
- CHEMICAL ENGINEERING
- COMPUTER ENGINEERING
- COMPUTER SCIENCE
- MATERIALS ENGINEERING
- BIOENGINEERING
- CIVIL ENGINEERING
- COMPUTER SCIENCE & ENGINEERING
- ELECTRICAL ENGINEERING
- MECHANICAL ENGINEERING

**ENGLISH:**
- Two transferable courses in English composition are required

**MATHEMATICS:**
- Calculus and analytic geometry
- Differential equations
- Linear algebra

Aerospace Engineering and Mechanical Engineering do not require differential equations but instead require a mathematics of engineering course.

**PHYSICS:**
- Calculus-based courses with labs in mechanics of solids, vibration, wave motion, sound, fluids, heat, electricity and magnetism, electromagnetic waves, light, and relativity

**CHEMISTRY:**
- Two terms of general chemistry with lab
- Only one course in general chemistry is required for Electrical Engineering
- One year of chemistry with lab and two terms of organic chemistry are required for Bioengineering and Chemical Engineering
- Computer Science and Computer Science & Engineering do not require a chemistry course

**COMPUTER PROGRAMMING:**
- One course in Java, C, C++, or Matlab
- Applicants to Electrical Engineering, Computer Science, or Computer Science and Engineering should take C++
- For all other majors, Matlab is preferred

**BIOLOGY:**
- One year of biology with lab for the major (cellular, molecular, and genetic) is strongly recommended for Bioengineering

**ADDITIONAL COURSES:** Applicants to majors in the Samueli School of Engineering must complete at least one course from the humanities or social sciences for UC eligibility and are encouraged to complete up to four courses in those areas and one life science elective. (Completion of IGETC or UC Reciprocity is not required for entrance to these majors; partial IGETC will not be accepted.) Students may satisfy core requirements by completing engineering courses in statics, dynamics, strength of materials, properties of materials, and circuit analysis, depending on their major.
Transfer applicants to the school are considered on the basis of academic achievement as well as departmental screening requirements and must have a minimum 3.2 GPA at the time of application. California community college students are strongly encouraged, but not required, to complete IGETC; all other transfer students are encouraged to make progress toward completion of the school’s general education requirements.

In addition to the UC Application, applicants are required to submit supplemental application materials which vary by major and are used in a prescreening process to determine which students will be invited to interview and/or audition. The UCLA Herb Alpert School of Music houses the supplemental application on the Acceptd platform - https://app.getacceptd.com/herbalpert. Specific supplemental application requirements for each major program (and, for Music Performance, Music Education, and Global Jazz Studies majors, specific instrument area) can be found on Acceptd. Other general information about the application process can be found on the School of Music’s website at https://schoolofmusic.ucla.edu/admissions/undergraduate.
MUSIC COMPOSITION BA  (continued)

Recommended preparation for the major:
• A one-year comprehensive music theory course sequence, incorporating musicianship (ear training and sight singing), as well as keyboard skills; or one year of music theory and one year of musicianship (ear training and sight singing)
• Two years of applied studio instruction on a primary instrument or in voice (private lessons)
• Two years of participation in a large performance group, such as orchestra, choir, or wind ensemble

MUSIC EDUCATION BA

The Music Education major is a music teacher preparation program. This major provides students the musical expertise, research skills, and curricular design abilities essential to teach music to the diverse student population of California and beyond and to provide administrative leadership in arts education.

Recommended preparation for the major:
• A one-year comprehensive music theory course sequence, incorporating musicianship (ear training and sight singing), as well as keyboard skills; or one year of music theory and one year of musicianship (ear training and sight singing)
• Two years of applied studio instruction on a primary instrument or in voice (private lessons)
• Two years of participation in a large performance group, such as orchestra, choir, or wind ensemble

MUSIC PERFORMANCE BM

The Music Performance major combines intensive applied study of Western classical music with the superb academics of a major research university situated in a global cultural capital. Students in the performance concentration study individually with world-class performers and teachers, participate fully in a range of large and small ensembles, and pursue rigorous coursework in music theory, history, and analysis.

Recommended preparation for the major:
• A one-year comprehensive music theory course sequence, incorporating musicianship (ear training and sight singing), as well as keyboard skills; or one year of music theory and one year of musicianship (ear training and sight singing)
• Two years of applied studio instruction on a primary instrument or in voice (private lessons)
• Two years of participation in a large performance group, such as orchestra, choir, or wind ensemble

MUSIC HISTORY & INDUSTRY BA

The Music History and Industry major creates your pathway to study music while also gaining the practical skills required to meet the challenges of today’s evolving music industry. This program combines practical hands-on training with the study of music within the context of different societies, cultures, and theories.

Recommended preparation for the major:
• A one-year comprehensive music theory course sequence, incorporating musicianship (ear training and sight singing), as well as keyboard skills; or one year of music theory and one year of musicianship (ear training and sight singing)
• One year of participation in a large performance group, such as orchestra, choir, or wind ensemble

MUSICOLOGY  BA

The goals of the Musicology major are grounded firmly in the humanistic study of music. Musicology majors learn to research, analyze, and understand many different musics: ancient and recent, classical and popular, Western and global, within culture and through a critical lens.

Recommended preparation for the major:
• A one-year comprehensive music theory course sequence, incorporating musicianship (ear training and sight singing), as well as keyboard skills; or one year of music theory and one year of musicianship (ear training and sight singing)
• One year of participation in a large performance group, such as orchestra, choir, or wind ensemble
The UCLA School of Nursing offers a prelicensure baccalaureate program leading to the Bachelor of Science degree. Applicants to the School of Nursing must fill out the UC Application and a supplemental application. The prelicensure nursing degree program is intended to prepare entry-level nurses to care for patients at the bedside. The program has been developed according to the principles of primary, secondary and tertiary prevention, moving from a systems population-based approach to a cohort-based or unit-based perspective, and culminating with an intense focus on individual-level of care. Strong emphasis will be placed on clinical leadership and critical thinking skills. This is a three year program.

Applicants must have 90 to 105 quarter units (60 to 70 semester units) of transferable coursework, a minimum cumulative GPA of 3.5 in all transferable courses and have fulfilled the University’s American History and Institutions requirement. Applicants from a California community college must provide IGETC certification upon entrance; partial IGETC will not be accepted. Other transfer students must complete the School of Nursing’s general education requirements.

Major Requirements for the School of Nursing

Applicants must complete the following course requirements for the Prelicensure Nursing program with grades of C or better:

Required:
- One year of general biology for the major (cellular and molecular)
- One year of general chemistry for the major
- One semester of organic chemistry for the major
- Human anatomy with lab
- Human physiology with lab

Strongly recommended:
- Introductory or general microbiology
- Introductory psychology
- Introduction to communication or speech
- One course in calculus for life science or with analytic geometry
The School of Theater, Film and Television offers undergraduate majors in Theater and in Film and Television. Both majors provide a comprehensive introduction to the history, theory, and practice of these art forms within the context of a liberal arts education.

Undergraduates in Theater study the history of world and American theater, contemporary theater issues, acting and performance, playwriting and analysis, design, directing, theater production, and complete a sequence of advanced courses in an emphases along with a capstone project. Undergraduates in Film & Television study the history of film and television, screenwriting, animation, film and television production, including cinematography, editing, directing the camera, and digital media and tools. Undergraduates complete a senior concentration in one area of specialization and a professional internship.

Applicants to the school must have a minimum 3.2 GPA at the time of application and by the time of entrance must have attained junior standing (60 semester/90 quarter units) and have completed their general education coursework—either the school’s GE requirements, the IGETC at a California community college, or the GE requirements while a student at another UC campus. Completion of the School of Theater, Film and Television’s foreign language requirement before arriving at UCLA is strongly encouraged but not required. In addition to the UC application, applicants are required to submit a supplemental application.

FILM AND TELEVISION
Additional admission requirements include a personal essay, a critical essay, a creative writing sample, a life challenge essay and two letters of recommendation. Films, video tapes, DVDs, and links are not accepted. Prior experience is not required. Note: Transfer students cannot change to the Film and Television major after admission to UCLA. Additional information may be found at www.tft.ucla.edu/filmba.

PREPARATION FOR THE MAJOR
• One course in theater (recommended)

THEATER
Applicants interested in the Theater major must choose one of the following emphases on the UC Application: Acting, Design/Production, Musical Theater, or Integrated Studies. Students interested in Directing or Playwriting should apply via Integrated Studies. In addition to the general UC Application, a supplemental application is required. This includes materials such as a headshot, writing samples, transcripts, resumes, etc. Applicants will be contacted ONLY if more information is needed and an interview will be required. Note: Transfer students cannot change to the Theater major after admission to UCLA. Additional information may be found at: www.tft.ucla.edu/theaterba.

PREPARATION FOR THE MAJOR
• Acting, Design, Play analysis, or Theater history (recommended)
Developing Leaders Engaged in Social Change
The world needs agents of social change whose passion to improve people’s lives is matched by the knowledge and skills to deliver results. The B.A. in Public Affairs offers an in-depth and engaged educational experience with a clear public service ethos. The undergraduate major is centered around a multidisciplinary foundation in the social sciences, with an applied emphasis on knowledge and methods for improving society.

The major requires upper division coursework, which provides a sophisticated theoretical grounding and asks students to reflect on a range of substantive topics in public affairs. Additionally, a three-quarter experiential learning internship in the senior year will help students connect the dots between theory and action. This capstone combines a multi-quarter internship in a community or government organization with a seminar series in which students develop a capstone project.

To be considered for admission, applicants to the Public Affairs pre-major must have a minimum cumulative 3.2 GPA in all transferable coursework at the end of the fall term prior to transfer. Students must attain junior level standing (at least 60 semester/90 quarter transferable units) by the end of the spring term prior to transfer. California community college students are strongly encouraged to complete IGETC; all other transfer applicants are encouraged to make progress toward completion of the Luskin School’s general education requirements.

NOTE: You must be admitted as a Public Affairs pre-major. You will NOT be able to change into this major after admission to UCLA. This major is listed under the College of Letters and Science in the UC Application and the Luskin School has the same general education requirements as the UCLA College.

Preparation for the Public Affairs Major
To be competitive for admission, it is strongly recommended that students complete four (4) major preparation courses including Microeconomics and Introduction to Statistical Reasoning, by the end of the fall prior to transfer. Students must take all major prep courses for a letter grade and receive a B grade or better in these courses to be competitive. Additional major prep should be completed by the end of the spring term prior to transfer. While AP Exams may be beneficial for transfer credit, they will NOT be acceptable to satisfy major preparation.

Preparation for the Major:
- Introduction to American Politics
- Comparative Politics
- Microeconomics
- Introduction to Political Theory
- Introduction to Statistical Reasoning
- One additional course focused on lifespan human development (preferred) or child and adolescent development.
Education and Social Transformation
The undergraduate major in Education and Social Transformation prepares students to analyze current issues in education through a social justice lens and to emerge as effective advocates for positive change. The Department of Education is guided by a commitment to integrate theory and practice and to improve educational practice and policy.

The Department is known as a leader in the study and practice of urban education, student testing and assessment, teacher and continuing education and development (particularly in urban, multi-ethnic environments), early childhood development, and issues of access, equity, and quality facing K-12 and higher education. Here, faculty and students work together to solve the most pressing issues facing education today. This collaborative, dynamic environment helps students develop the skills they need to become leading education professionals in the 21st century.

Transfer applicants interested in the Education and Social Transformation major should apply to the premajor listed under the College of Letters and Science in the UC application. Admitted transfer students must submit an additional application to the major and complete Education 10 or 11 and Education 35 during their first quarter at UCLA.

Major Preparation Requirements
Applicants must have a minimum cumulative 3.2 GPA in all transferable coursework at the end of the fall term prior to transfer. While there are no specific articulated major preparation courses at this time, students are encouraged to complete IGETC.
